

CQDM / Alsace BioValley joint program

Launching of the 2011 program

Deadline for the submission of the projects: **May 24th, 2011**

The main goal of the CQDM / Alsace BioValley joint program is to strengthen biomedical research in Quebec and Alsace by the alignment of international resources.

CQDM and Alsace BioValley are seeking collaborative research proposals on the development of novel and potentially transformative enabling technologies or tools for biopharmaceutical research

The funding will be up to a maximum of \$700 K for the Quebec component and up to a maximum of €500 K for the Alsace component .

The selection of the projects will be overseen by an external peer review committee nominated jointly by CQDM and Alsace BioValley. The members of this committee will be chosen for their specific scientific and/or industrial expertise in the field of the submitted projects.

Announcement of the final selection will be made on September 30th, 2011

Deadline for the submission of the projects: **May 24th, 2011**
